MedManagement, LLC was founded in 1995 to provide clinical and financial management tools and resources to providers. In 2015, MedManagement announced the name, EdiPhy Advisors, for its Physician Advisor and Education Services. Today, EdiPhy Advisors provides physician advisor services (to include concurrent and retrospective reviews) to over 100 hospitals in 27 states. The company is privately held, with the majority ownership interest held by women. EdiPhy Advisors is focused on setting the standard for quality physician advisor services and to our knowledge, is the only national physician advisor company accredited by URAC (under our corporate parent, MedManagement, LLC). The company has held its URAC accreditation as an Independent Review Organization (IRO) since this accreditation became available in 2014.

The services that EdiPhy Advisors provides include the following:

- ***Physician Advisor Services – Patient Status and Medical Necessity Determinations***
- ***Nurse Reviews- 1st Level Utilization Management Screenings***
- ***Case Management Review and Process Guidance***
- ***Independent Review Organization (IRO) Services***
- ***Appeals – Quality Improvement Organizations, Recovery Auditors, MACs and other Regulatory Audits***
- ***Legal and Defense Work in Response to Audits & Denials***
